BRED IN OLD KENTUCKY.

They were bred in Old Kentucky,
Where they scrape tobacco beds,
Where they burn the barns at midnight
And the house tops o'er your heads;
They were bred in Old Kentucky,
Beat it, boy, you're sure unlucky
If they catch you with tobacco in your sheds.

They were bred in Old Kentucky,
Where they raised tobacco some,
Until those gay night riders
Put the raisin' on the bum;
Now they raise in Old Kentucky
H—ll, and, yes, you're surely lucky
If you haven't got a share of it to come.

SUIT DISMISSED

Winchester Judge Decided Against Revenue Agent in Tax Case

At Winchester Monday, the big suit of M. P. Rehorn, State Auditor's Agent, against the Burley Tobacco Society, was tried before County Judge Evans and was dismissed, the Judge deciding that Mr. Rehorn had failed to make a case.

The suit was brought at Winchester as the headquarters of the Company and asked for back taxes on 1,000,000,000 pounds of tobacco valued at \$100,000,000.

Mr. Rehorn will either appeal the case or bring separate suits in each county of the district against the County Board of Control.

EVANGELIST REED

Is Holding Big Revivals in Ohio and Has Many Converts

Adams County (O.) Record.

The series of revival meetings conducted by Evangelist J. E. Reed at Cedar Mills, M. E. Church closed last Sunday evening with 17 accessions. All the new converts were solemnly converted to God. Brother Reed urged the people to accept Christ as their personal Savior before joining the Church, as this is the only way men and women can lead Christian lives. He was untiring and urgent in his efforts and the people of Cedar Mills and surrounding country have been wonderfully blessed by his labor, for many from a distance attended our meeting, the seating capacity of our Church being taxed to its utmost to accommodate the people.

God's power to revive and save was manifested to a degree rarely witnessed by men. This was especially true of the meeting last Sunday afternoon, when Brother Reed related his life experience. The writer has seen God's power manifested miraculously many times but never before have we seen it displayed as it was on this occasion. During last evening's service 43 testified to the benefit they derived from the meeting, making 60 in all when added to the 17 converts. Our Church has been gloriously revived.

EASTER SUITS.

CALL FOR REPUBLICAN CONVENTION.

Pursuant to instructions from the Ninth District Congressional Committee, the Republicans of Mason county are called to meet in mass convention at the Courthouse in Maysville on Saturday, April 4th, at 1 o'clock p. m., standard time, to select delegates to the Congressional Convention to be held at Grayson on April 8th for the purpose of nominating a Republican candidate for Congress in said District.

W. D. COCHRAN, Chairman.

Maysville, Ky., March 26th, 1908.

It's about time for Marse HENRY to rise up and say, "Up, boys, and at 'em!"

Just imagine what's coming to the Kentucky Republicans if Doc BRUNER is to boss the job.

Now it is said that Wall street is to be probed. Would like to see the size of the probe that would regulate little old Wall street.

THERE are now 70,000 cocaine users in New York City, according to recent figures compiled by a physician who makes a specialty of treating persons addicted to the habit.

It will be noticed that the Aldrich Currency bill passed the Senate shorn of the railroad bond feature. If the Aldrich bill, as first drafted, had become a law, the mortgage of Wall street on the United States would have been of the fee simple indenture kind.

THE Fairbanks adherents in Kentucky and elsewhere have been blowing it from the house-tops on every propitious occasion that the Vice-President was a follower of President ROOSEVELT, and that if elected Mr. FAIRBANKS would strictly pursue the Roosevelt policies. In a word, the Vice-President's supporters, in their nervous endeavor to bag a few delegates to add to his lonesome and sum total of 30 from his own State, have been singing any old song to entice the wary voter. Now the cat is out of the bag, and if our readers will note the little news item in another column dated at Winchester, Ky., and giving the proceedings of the Clark County Fairbanks Club, he will quickly see that the Fairbanks men look upon THEODORE ROOSEVELT as little better than a bluff and a fake. The article speaks for itself. Kindly read it and never again let it be said that FAIRBANKS is a follower of ROOSEVELT. It's an insult to the country.

AS STATED by Justice HARLAN, his objection to resigning is constitutional.—Louisville Times.

HERE is a hot tip: Several large fortunes have been made by many people who have picked up money that was thrown away by others.

If the Democrats do not carry Kentucky this fall, it will not be the fault of the gentlemen of the Ben Bruner caliber.—Grayson Tribune, Republican.

IN the New York Senate an amendment was defeated to increase the Governor's salary from \$10,000 to \$20,000. Think of a Governor of a State drawing \$20,000 a year! Still, that sum is small for the Executive of the Empire State.

THAT rebounding, recoiling, self-killing anarchist bomb which exploded in New York Saturday, wiping off the map two conscienceless murderers, ought to be patented and manufactured for gratuitous distribution. A self-killing bomb in the hands of nervous anarchists will fill a long-felt want and will prove a boon to mankind.

CHARGES that the Paper Trust has stifled competition and has added \$60,000,000 per year to the burdens of publishers, together with light on the methods of the Trust, are contained in a letter written by HERMAN RIDDER, President of the American Newspaper Publishers' Association, in reply to Attorney General BONAPARTE's request for evidence of an unlawful combination in the paper trade.

BECKHAM lost the Senatorship. The Democratic State ticket was defeated. And why?

Because of machine politics. A ring of office-holders at Frankfort dictated everything.

Break it Now.

We are now threatened with another machine.

Certain men elevated to office by our votes are not attending to their duties, but are going over the State dictating to those who put them in office how to act on National questions.

The Republicans of Kentucky have no use for bosses, and the sooner this machine is repudiated the better it will be for the party.—Winchester Sun-Sentinel, Republican.

THE POPE'S LITTLE JOKE.

Rome Cable to New York Sun.

The Vatican is chuckling over a little jest by the Pope. He has a friend in Venice who is sick. During the week he received in audience a Jewish gentleman who is also a friend of the invalid. In bidding his visitor farewell the Pope said:

"If you see our friend tell him I send him my apostolic blessing."

"But, Your Holiness," objected the other, "I am a Jew."

"That does not matter," retorted the Pope; "the goods are all right though the packing may be bad."

The loss of the Kentucky Distillers and Warehouse headquarters will prove a serious blow to Frankfort, industrially, and one from which she will not recover soon. Strong efforts were made by the Frankfort Business Men's Club to induce the management to retain the headquarters there, but without avail. The whole establishment goes to Louisville, or rather has gone. We are sorry for this, as we hate to see the Kentucky Capital depopulated so suddenly. Forty families make up the exodus.

OLD PEOPLE OF MAYSVILLE NEED VINOL

It Strengthens and Vitalizes.

With old age come feebleness and loss of power; the organs act more slowly and less effectually; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol is not a patent medicine but a delicious cod liver preparation which contains all the medicinal body building elements of cod liver oil in a concentrated form, taken from fresh cods' livers, the useless oil eliminated and tonic iron added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit.

DECLARE ROOSEVELT IS NOT WHOLE WORKS

WINCHESTER, KY., March 29th.—The Clark County Fairbanks Club held an enthusiastic meeting at their club headquarters last night. They unanimously adopted the following resolution:

Mr. Minder was in Benton, where the Grand Jurors stay.

STATE CAPITOL

To Be Occupied in Six Months—Work of Completion to be Pushed Rapidly

Frankfort Journal.

The new State Capitol may be occupied within the next six months, as the members of the Capitol Commission, who are the five high State officials, now expect to be in their new quarters by that time. The building is being completed rapidly and Judge James Breathitt, Attorney-General, said this morning that he saw no reason why they should not be in their quarters before six months have passed. This may apply to only a few of the offices which can be transferred easily and which do not have so many records and filing cases to be carried across the city of Frankfort, but it now seems that the new building will be occupied, in part, at least, before frost falls in autumn.

When the Capitol Commission meets again it will take up the question of an architect for the building, after Frank M. Andrews, the present architect, completes his present contract, which has some time yet to run. It will not be necessary to select an architect until the building is actually completed and ready for the furnishings, as Mr. Andrews will continue as the architect until that time. The next thing will be the erection of a power plant to light and heat the building and it may be that some other architect will be selected for this or a special contract will be made with him. It has been suggested that he might sell his present plans to the Commission for a less sum than his usual five per cent., which is a lowed an architect on all work which he undertakes.

In finishing up the grounds and the street approaching the Capitol it is probable that Mr. Andrews' ideas and plans will be used. Mr. Andrews may not be retained to superintend this work, however, as it is said that the Capitol Commission does not think it necessary to have an architect for this work. Now that the Capitol is near completion there is the old talk of a bridge across the river at the foot of Capitol avenue which faces the new building. It is estimated that such a bridge would cost about \$100,000, and Mr. Andrews estimates that the street could be put in good condition and all the approaches made presentable for \$150,000. This work is to be done sometime soon and will add greatly to the appearance of the Capitol.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore.

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy or sharp and acute tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Here's Maysville proof:

Mrs. Harvey Lyons, living in the Western part of Maysville, Ky., says:

"In my estimation Doan's Kidney Pills are an ideal kidney remedy, and I have no hesitancy in so expressing myself. My husband was bothered a great deal by a severe pain across his back, and although his condition was never so serious that he was obliged to lay off from work, he nevertheless was in misery. An added source of annoyance was the irregular action of the kidney secretions, this symptom denoting that his trouble arose from disordered kidneys. Being advised to try Doan's Kidney Pills, he procured a supply at J. J. Wood & Son's Drugstore, and they acted just as beneficially in his case as in many others that he had read about. A short use entirely cured him, and up to the present time there has been no return of the trouble. Recently I was suddenly afflicted with a similar trouble, but began taking Doan's Kidney Pills, and from the beneficial result already received I look forward to a complete cure."
